Subject: Vineyard Wind/New England Wind

Pat

I wanted to check in with you on two fronts:

First, for Vineyard Wind 1, was a notice of appeal filed on the South Fork permit? If not, VW1 will be likely be submitting a permit modification in the near future.

Second, New England Wind is working on separate permit applications for Park City Wind and Commonwealth Wind based on the guidance EPA provided in early January. If there is any additional guidance you think would be helpful, please let us know.

Finally, I wanted to let you know that Stephanie Wilson, copied here and whom I believe you know from Orsted, has now joined Avangrid as Director of Permitting. Stephanie will be taking the lead on all permitting issues, so please copy her on all communications. I will continue in an advisory role.

Thanks!

Geri Edens
